

**INFORMATIVE CALCULATION OF STUDY GRANT – ADVANCE ON THE STUDY GRANT**  
**Academic year 2020-2021**

You pay a **reduced tuition fee** when you are a scholarship student in accordance with the guidelines of the Study Grant Department. If the income is situated just above the maximum limit (up to € 3.227,00), you are a near-bursary student. You will not receive a scholarship, but you are entitled to a lower tuition fee. Student Services can calculate whether you qualify for a study grant.

In addition, you can apply for **an advance** on your study grant.

Therefore we need you to fill in this document.

Afterwards you must send us this document with all the necessary financial information:

- by e-mail to Student Services at your campus:

- By mail or during a personal talk in our offices: please find below our postal addresses.

**What happens after the informative calculation?**

Student Services will inform you and the student administration of your campus whether you are entitled to the reduced tuition fee and/or a study grant. Based on this notice, the reduced tuition fee will be granted and you can ask for an advance on the study grant. Nevertheless, if the Study Grant Department decides that you are not allowed to have a study grant (e.g. due to an altered family situation or changed incomes), you will receive additional invoices to pay the tuition fee.

**PLEASE NOTE!**

- This is **NOT an official application** for the study grant from the Flemish Government. You must apply for this grant yourself via their website [www.studietoelagen.be](http://www.studietoelagen.be) or your application will be opened automatically by the Study Grant Department of the Flemish Government if you received a study grant last year. In that case you have to complete your file.
- The official period to apply for a study grant is between 01/08/2020 and 01/06/2021. On the other hand, Thomas More expects of you to **apply before 31/01/2021**. If not, in February you will be seen as a non-bursary student and you will receive an additional invoice in expectation of the final decision of the Study Grant Department.

## 8. Financial information to be added

1. Copy of the notice of assessment for personal income tax for the income year 2018 (tax year 2019) of your parents and yourself (if you have/had your own income).
2. Proof of alimony received in 2018 or 2020 (account statements).
3. If the (family) income is reduced in 2020, the calculation can be made on the basis of the 'expected income' of the year 2020. In this case, please substantiate this income with the necessary supporting documents (payslips, proof of last received holiday pay and year-end bonus, non-taxable income, proof of received alimony, attestation of the trade union, National Employment Office, or health insurance fund if you are/were entitled to benefits ...).
4. If you had your own income (more than a regular student job) as a student (salary, unemployment wages, social security from the Social Service Department ...) in 2019 and/or 2020, then add the income of 2019 and 2020.
5. If you are married, in a legal partnership, or actually cohabiting with a partner with whom you have a child, then add all income from yourself and your partner from 2018 until 2020.
6. If the owner-occupied home is used for professional purposes, or if (one of) the house(s) is not owner-occupied, please add a copy of the notice of property tax assessment (tax year 2019).
7. Copy of attestations of non-taxable income of 2018 (social security, integration or income replacement benefits for people with a disability, non-taxable grant)
8. Copy of attestation confirming the percentage of disability (disability of +66%).
